

See how a co-op can supplement your homeschooling by viewing Academy Days Co-op's Instagram pictures and Facebook postings. About three pictures and homeschool tips are posted on Instagram per week during each semester. During the summer and winter breaks, about two per week are posted from the previous semester.

If you'd like to see the pictures, but don't have an Instagram account, go to:

<http://www.instagram.com/academydays>

Click on the pictures to read the captions. Of course, if you are also on Instagram, you can find Academy Days by searching @academydays on your cell.

Go to <http://www.academydays.com> for more information about Academy Days Co-op, the class schedule and available spaces.
